Our Story

We're a small company and since the beginning that we focus on innovation and quality of services.

Expanding our reach

In 2008, we started doing corporate events and team building in Macau's growing market.

In 2014, we decided to expand to Hong Kong, and in 2015 to Mainland China where we opened an office. In 2017 we started operation in Vietnam with a local partner in HCMC.

Innovation

Over the years we've launched unique services like "The Wine & Gourmet Casino", "Sky Drumming" or outdoor lighting solutions from Airstar. In 2015 we won the prize for Macao's best SME of the year.

Our company culture

We've always been a young mixed Chinese-Western team. Although our official motto is "We make the world smaller!", our team's motto is "Work hard, party hard!"
